Alexis Ohanian Quotes to Inspire You Towards Success

- We don't even realize something is broken until someone else shows us a better way
- You need three things to create a successful start-up: to start with good people, to make something customers actually want, and to spend as little money as possible. Most start-ups that fail do it because they fail at one of these. A start-up that does all three will probably succeed.'
- Growing up, I had the words LIVES REMAINING: 0 written on the wall of my room. If life were a video game, that's how it'd indicate this is the only chance left.
- "You might be thinking, "But what if someone steals my idea?" Trust me: most of us don't have the spare time to start a company with your great idea, and even if we did, it's going to be up to you to execute your competitors.
- Don't be afraid to show your users that you give a damn. It should shine in everything you do, from the design of your website to the way you respond to feedback emails.
